

## APRIL BANQUET OF THE NEWARK BUSINESS MEN

About 150 Present at Plymouth Congregational Church Thursday Evening, Rev. J. A. Bennett Presiding as Toastmaster

Number of Addresses Made on Various Topics of Interest, Chief of Which Was the Present Water Works Situation—Several Out-of-Town Visitors Responded to Toasts

The April banquet of the Business Men's Association was held Thursday evening in the dining hall of the Plymouth Congregational church, and it was by far the best attended of any of the affairs which are rapidly growing in favor with the business and professional men of Newark. Probably 150 men were present at the supper and the speeches which followed. The supper was excellent and was thoroughly enjoyed, and after the conclusion of the evening with Rev. Joseph A. Bennett acting as toastmaster.

In this capacity Mr. Bennett was a decided success, and his witty introductions of the various speakers were eagerly listened to. Mr. J. F. Irwin, chairman of the committee appointed by the Board of Trade to investigate the water works problem, was assigned to the subject: "A Business Men's Conclusion on the Water Works Problem." Mr. Irwin gave in part the report of the committee which was published in the Advocate, and stated that it was the opinion of the committee that the plant of the Newark Water company should be purchased.

He said that the bonded indebtedness of the city was \$846,471.17, but that \$172,868.60 was returnable to the city in special assessments. He further said that of the \$485,000 received on bond issues, \$440,671.96 has been expended. According to the figures of Mr. Irwin it will take between \$92,191.00 and \$100,000 to complete the city's water system and that now the city is losing about \$17,000 a year. Of the \$100,000 needed to complete the plant \$45,000 remains in the treasury. The speaker urged the purchase of the holdings of the Newark Water Co., and said that the committee, after careful investigation, had placed their value on the system at \$76,957.25. He said that the city would derive \$21,750 a year from the connections of the company and that this could be boosted to nearly \$50,000 a year. The operating expenses should not exceed \$14,000.

Mr. Irwin told of an investigation that was made once before and moved to be a farce, but he showed that the committee, of which he was chairman, left no stone unturned to get at facts. He concluded his remarks by saying that the matter of the purchase of the plant, if it is contemplated, should be handled by the city council and the Board of Trade.

"Another Side of the Water Works Question" was given in an able manner by Roderic Jones, who started his remarks by saying that probably a good many people would be against the purchase of the old plant by the city. He said the old history of the company might be brought up as a bar to the purchase, and he told in detail of the history of the company from 1857. Mr. Jones looks upon the purchase on the old water company's holdings as purely a business proposition and he thinks it would be a good thing for the city to purchase the plant and do away with any competition. He is of the opinion that the city officials made a mistake when they did not purchase the holdings in 1903.

Mr. Jones drove his facts home and many men present felt that they had known very little of the water works situation in Newark when Mr. Irwin and Mr. Jones were through giving their facts which showed study and careful investigation.

Getting away from the water works question was not an easy matter, although David M. Keller was given a subject far removed in his "The Need of Public Playgrounds and Their Supervision." He told why it was necessary to educate the children and made his point by reference to the carelessness with which the city's money had been handled in the water works building in Newark. He declared it was necessary to look after and educate the children in order to make good citizens out of them. If the children are properly looked after they will not make the mistakes their elders have made in business, political and professional life.

Mr. Keller referred to the educating of children as one of the biggest industries of the day and to this Newark could not give enough attention. He said it was right and proper that factories should be brought here, but he called attention to the fact that the coming of additional families with the factories meant additional children to be educated in our schools. He told of the founding of the public

playgrounds in New York city and what great good these playgrounds had done. These playgrounds now exist in all the larger cities and Newark should look into the proposition.

In introducing his subject, "Why We Should Elect Men of Integrity and Ability to Office," Charles W. Montgomery said that his subject was as old as the hills and had probably been thought over by every voter present, but he wished to bring home a few facts and ideas of his own. He said he was a Republican and had voted for nine years, and but once in that time had he voted the straight ticket.

Voters should cast their ballots for the best man for the office, no matter what his politics. A party man should vote for his party's candidate only when that man is properly qualified. To prevent lawlessness and wastefulness the people should nominate and elect proper people for office. He declared more laws were not needed, but better men were needed to enforce the present laws.

"The state of Ohio would be better off if the legislature would adjourn for ten years," was a statement that brought him much applause. He was emphatic in his statement that there are too many laws now and more are not needed.

Mr. Montgomery said Governor Harrison is a big man, clean in politics and capable in office, but he regretted that the governor had vetoed the bill that killed the right of cities like Newark having a police court judge instead of having the mayor perform the duty of hearing petty cases.

Hon. J. R. Fitzgibbon was to have talked on the same subject from the standpoint of a Democrat, but he was unable to be present and Judge E. M. P. Brister was assigned to take his place. Judge Brister with his well known ability told why he was a Democrat and why he always expected to be one and his impromptu speech was handled in a masterly manner. He said the principle of the Democratic party was the greatest good for the greatest number. He also said that Thomas Jefferson believed that the best governed people are the best governed.

He said that the best candidates for office must be big mentally and clean morally, and these men will be leaders. One man cannot decide political matters, the majority of the people must do the deciding. Judge Brister said:

He further said that the Business Men's association was for the furthering of the interest of the city and not for the advancement of any political party. However, he stated that the club should not have interests wholly financial or commercial and that they could work for the betterment of politics and many other things in the city. Col. Richardson of Cleveland, a member of the Cleveland Chamber of Commerce, told of the things the association had done in a civic war, and he said in this they had been most successful. He said that with an organization that was wholly for the interests of the city and not for the advancement of any one idea or individual the Business Men's association of Newark could do many things for the betterment of the city.

Judge Frank Taggart of Wooster, a member of the circuit court, was also called on and gave a short but pleasing talk and thanked the association for the invitation that enabled him to be present at the meeting.

The association decided that another meeting should be held next month and the members were invited to send in the subjects for discussion at the next meeting to President F. L. Bezugs.

## TRIBESMEN

Want Abdul Hamid, the Deposed Sultan, Restored to the Throne of Turkey.

Belgrade, Servia, April 8.—Only the restoration of Abdul Hamid, the deposed Sultan, to the throne of Turkey will satisfy the Albanian tribesmen who are now in revolt throughout almost the whole of that province. The large rebel army near Prishtina, which was temporarily checked by the government troops, has been reinforced and is now engaged in another bloody battle with the Young Turks. The number of killed and wounded runs well in the hundreds.

## BOARD OF TRADE AND CITY COUNCIL IN JOINT SESSION

Water Works Problem Discussed. Board Recommends Purchase of the Old Plant.

A meeting of the directors of the Newark Board of Trade, the special water works committee and members of the city council and city solicitor was held late Thursday afternoon in the office of the Board of Trade.

Mr. J. F. Irwin, chairman of the committee, which made an exhaustive study of the problem, and whose report was printed recently in the local papers, made a verbal report at this meeting telling how the committee reached the conclusions stated in the report and giving details that could not have well been included in the written report. Mr. Fred C. Evans and Mr. Edward Thomas, both members of the committee, supplemented the talk given by Mr. Irwin.

Questions were asked by members of the council and directors of the Board of Trade and after a general discussion of the proposition the Board of Trade unanimously approved the report submitted by the committee and adopted a resolution recommending to the city council the purchase of the old water plant at a cost not to exceed \$100,000, this sum to include all claims the water company may have against the city for service rendered.

## WILL NOT RESIGN FROM TAFT CABINET

Washington, April 8.—Specific denial of the report that Secretary of State Knox and Secretary of the Treasury McVeigh were to resign from the Taft cabinet within a short time, were issued by the two secretaries here today.

## BANDITS HOLDUP LIMITED TRAIN

Lacrosse, Wis., April 8.—Two masked bandits held up the Pioneer Limited on the Chicago, Milwaukee and St. Paul railroads here today and after a fierce fight with the conductor, who was unarmed, cut the airbrake tube and escaped when the train stopped. It was reported that they secured \$18,000 but this is denied by the trainmen. Posses are searching for them.

## ACTOR-MANAGER DEAD.

Baltimore, April 8.—John W. Albaugh Jr., aged 43, actor and manager, and a member of a widely known theatrical family, died yesterday of Bright's disease at a hospital where he had been a patient.

## STUDENTS

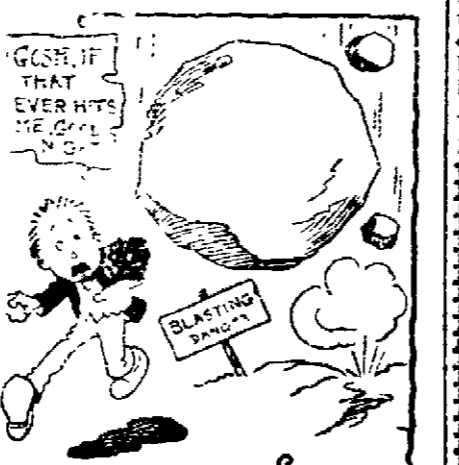

Injured, With Number of Others, When Locomotive Collided With Special Train.

Harrisburg, Pa., April 8.—Seven students, members of the Mask and Wig club of the University of Pennsylvania, and a number of other persons were injured today when a locomotive collided with the club's special train in the station here.

## LICKING COUNTY MAN CAPTURES TWO CRACKSMEN

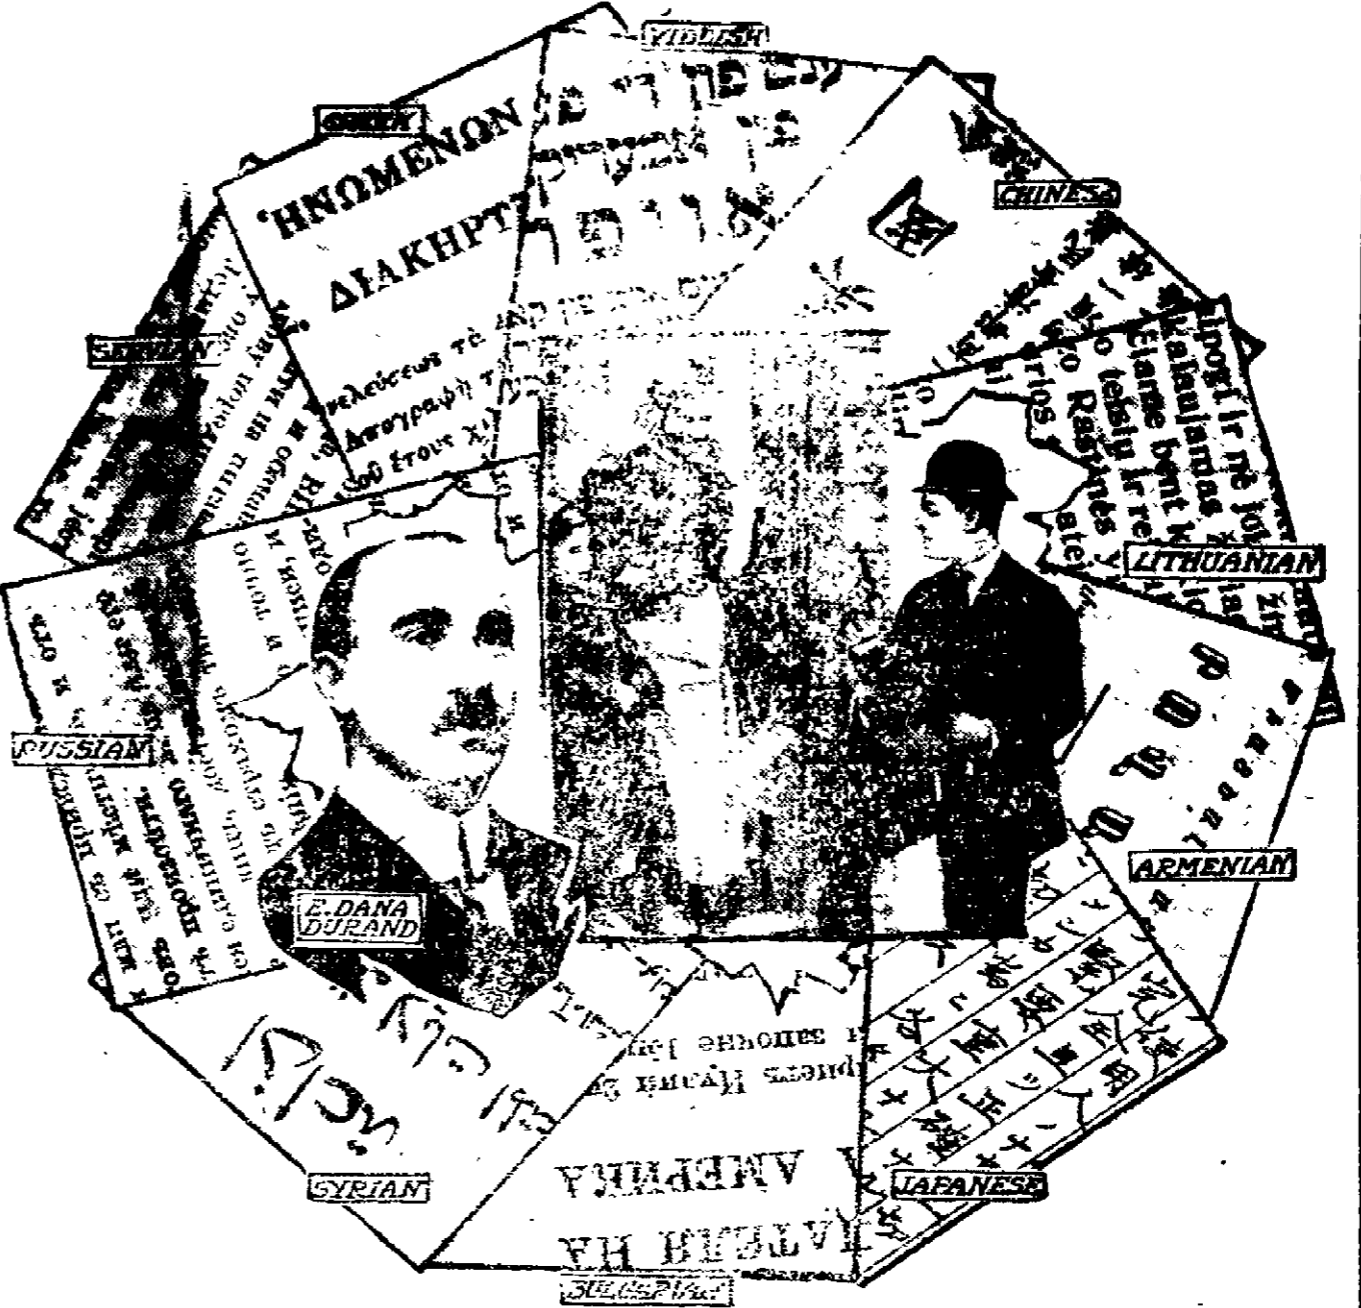

Carroll, O., April 8.—Roy A. Jones, who came here from Licking county, Ohio, last fall and opened a barber shop, was recently appointed chief marshal of Carroll. In the first week of his new work he has to his credit the capture of two men who blew the safe and robbed the postoffice at Canal Winchester. Mr. Jones landed the men in jail at Lancaster and is being given much credit for the work. Mr. Jones while a resident of Carroll but a short time already has a large number of friends here.

## MEMBERS OF LEGISLATURE BECOMING UNEASY OVER ELSON TELEPHONE PROBE

Columbus, O., April 8.—It was announced today that the county prosecutor will take no cognizance of the legislative bribery revelations until the evidence is formally turned over to his office. The house must authorize this action. The apparent intention of the committee to call all the members of the house to testify regarding the means employed to pass the Elson bill may not mean so many immunity baths as was popularly supposed. It was at first thought that the plan of the committee was to capture criminal lobbyists and let the representatives, even if guilty, escape. It now develops, however, that any member who testifies that he has no knowledge of any improper methods is, if after developments show the contrary, liable on a perjury charge with a penalty of from 3 to 20 years in the penitentiary. Much joking is going on among the members today regarding the probe but there is a vein of seriousness running through the whole house which they are unable to conceal.

## OHIO RIVER TO GET BIG SHARE OF HEALTH OFFICER DR. W. H. KNAUSS

Washington, April 8.—As decided upon today by the commerce committee of the senate the river and harbor bill appropriation amounts to \$52,566,418. The bill as it passed the house carried only \$42,578,176. The measure will be formally reported to the senate Monday. The amount appropriated for the Ohio river is \$5,325,000.

## HAD FONDNESS FOR JEWELS

Baltimore, Md., April 8.—A letter found in the suitcase of Lawrence Wilson, confessed jewel thief, who is being held here pending the action of Washington authorities on a charge of stealing \$200,000 worth of jewelry owned by Mrs. Frederick B. Fisher from the home of the widow of Rear Admiral Lindow in Washington, is his police here today to the belief that Wilson stole the jewels to get money to get married. The letter was to a girl who Wilson says is a nurse in Baltimore.

## GRAND JURY GETS AFTER OFFICIALS

Indictments Returned Against Directors of Window Glass Co.

## CLAIMS ALLEGED TRUST

Books Produced Which Show Increase Cost of 60 Per Cent Since Incorporation.

Pittsburg, April 8.—The Imperial Window Glass company, a corporation of West Virginian birth, which lacks but one week of being a year old, and 16 officials and directors were indicted, by a special federal grand jury here last evening on three counts.

First, conspiracy in the restraint of the hand-blown window glass trade in the United States.

Second, engagement in illegal competition.

Third, attempt to monopolize interstate trade.

A week ago last night United States District Attorney John H. Jordan divulged information that federal officers had completed a three months' investigation of the glass industry and would present to the grand jury on the following Monday evidence to show that the corporation acted in violation of the Sherman anti-trust law. At 4:15 yesterday, after a four days' hearing of many witnesses, the grand jury returned an indictment against the officials and directors of the Imperial Window Glass company, as named in the indictment, are: "President, Myron L. Case of Maumee, O.; Vice President M. J. Healy, Bradford, Pa.; Treasurer J. G. Sayre, Morgantown, W. Va.

Directors: Thomas Spillane, New Bethlehem, Pa.; G. W. Moreaus, Kane, Pa.; Thomas Camp, president Southport Window Glass company; William L. Graham, Masontown, Pa.; Felix Steinberger, Clarksburg, W. Va.; I. H. Brewster, Weston, W. Va.; J. G. Sayre, Morgantown, W. Va.; C. P. Cole, Lancaster, O.; O. C. Teague, Utica, N. Y.; Frank Baslin Vincennes, Ind.; P. R. Wear, Kansas City, Mo.; A. Hudson, Channute, Kas., and U. C. Baker, Carey, Kas.

The secretary of the company, J. R. Johnston of Pittsburg, was not named in the indictment. He appeared as the principal witness for the government and may, it is said, be granted immunity from criminal prosecution. He produced before the jury a mass of books and papers, letters and other data. The presentation, however, was based as well on the testimony of a number of other witnesses, who had been summoned from many Western cities.

The indictments set forth that the company, incorporated in West Virginia, April 14, 1909, has from that day to this acted as a selling agency and has prevented competition "by persuading and inducing corporations, partnerships and individuals in the window glass trade to enter into contract with the agency to sell their entire output of hand-blown window glass" and that "the defendants were able to establish, fix and maintain arbitrary, unreasonable and noncompetitive prices for window glass, greatly in excess of prices which would prevail if said defendants had not engaged in unlawful conspiracy."

It is charged that when glass-blowing concerns declined to enter such agreements, the defendants proceeded to lease the factories with the purpose to monopolize the trade and restrain interstate commerce. The company is said to control factories in 10 states, viz: Illinois, Indiana, Kansas, Massachusetts, Michigan, North Carolina, New York, Ohio, Pennsylvania and West Virginia. It is capitalized at \$250,000 of which amount \$175,000 is paid in. During the four days' incision testimony, it was officially learned, was to the effect that the company had cleared \$150,000 net over all expenses. The companies were then allowed by the alleged agreement to sell only to the Imperial company number 66, representing a capitalization of between \$7,000,000 and \$8,000,000. Of these 96 companies it was testified that 12 were kept closed, the idleness involving an expense of \$137,000 a year.

District Attorney Jordan declared last night that the price of window glass had increased about 60 per cent since the incorporation of the Imperial Window Glass company.

The case is the first here under the Sherman law. The statute provided that upon conviction of any one count a fine of \$5,000 or imprisonment for one year, or both, may be a maximum penalty. The cases will come before the court in May.

Some people seem to have a map they could give inside information to the recording agent.

## ARBOR DAY CELEBRATED AT GRANVILLE

Was Under Auspices of Woman's Civic Improvement Association, News of College City.

Granville, Ohio, April 8.—Arbor day, which more importance is being centered with each succeeding year, was observed on a most elaborate scale here today. The observance here was general, and was under the supervision of the Woman's Civic Improvement Association of the village, who have been making arrangements for the planting of trees for some time. With the assistance of the street committee of the town council, and the ever accommodating street committee, a large number of young trees, principally maple and elm, which they planted at a rate of 25 cents each, disposing of about fifty of them, which were planted together with a large number obtained elsewhere, wherever they were needed to the village.

Afternoon the children of the public schools held interesting exercises. Each grade planted a tree, which was named and will be looked after by the pupils of the grade plant.

The daughters of the American Revolution, who planted three trees in the old Colonial burying ground, one in honor of Charles Brown, who took the first shot of all the grave stones, and the other in honor of John S. Graham, who was killed by the Spencer Bible class and held the meeting of the union in the library room.

### Often The Kidneys Are Weakened by Over-Work. Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering. Therefore, if kidney troubles are permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

great sufferers for a great cause. The Daughters of the American Revolution have been able to dedicate a tree for each old soldier who rests in this old cemetery.

Several trees were planted by the school children in front of the administration building.

Mrs. Hines planted a tree in front of "Ty Mamm," dedicated to Mary Harwood Catherwood, who was a graduate of G. F. C. taught in the public schools and who formerly resided in "Ty Mamm."

The first base ball game of the season will be played on Beaver field Saturday afternoon between the teams of Boone Academy and Granville High. The game is bound to be a curtain raiser.

Mr. and Mrs. J. W. Crawford left Friday morning to visit his brother, Mr. and Mrs. J. M. Crawford of Co-shecton. They will also visit their sons, Dr. O. C. Crawford and wife of Pittsburg, Pa., and W. C. Crawford and wife of Buffalo, N. Y., before returning home.

### SHOE-STRETCHER

Locks Automatically as It is Pushed Into the Shoe.

A shoe-stretching device that is as simple as it is effective has been invented by an Illinois man. It locks automatically as it is pressed down into the shoe and the user need not fear of too great a strain on his foot. Two levers are pivoted together near their lower ends, which are shaped to fit in the heel and under the instep of a shoe. One of the upper ends has a tooth rack along it while the other has a link with a shaped edge to engage the teeth in the rack and draw the upper ends of the levers together, thus forcing the lower

extremities out and stretching the shoe. The tooth rack is curved so that as the link is pressed down it locks automatically in each foot. It passes over the toes and is held in place by a strap. This stretcher is handy for use in home or store, either to stretch shoes that are too tight or to answer the purpose of a tree by inserting it in a wet shoe in order that the boot may not become tighter as it dries.

### FOLLARD AND MRS. PATRICK CAMPBELL.

Some years ago, when Pollard, the juggler, who is appearing at the Orpheum this week, was doing a little plain reporting on one of the Chicago papers, and very much against his will had been sent out to interview Mrs. Patrick Campbell. That sturdy Briton always insisted upon her ruthless contempt for the press and all the embassies thereof, and Mr. Pollard had withered beneath Mrs. Campbell's scorn. Still—Pollard was a nice looking young man, and a meek one, and by and by the British beauty relented. "The odd thing," she said, "is the manner in which claws distinctions are trodden down in your—ah—extraordinary country. don't you know?"

Pollard said he didn't quite follow her. "Why," said Mrs. Pat, "I would not at all be surprised if you—a reporter fellow, don't you know—should know socially some of the really nice Chicago people I have met. Really, I should not."

Pollard wanted to know the names of some of the really nice Chicago people she had met.

"Well," said Mrs. Campbell, "there's Ogden Armour, you know—where are you going, you extraordinary fellow?"

Pollard was gathering up his paper and his pencils, and his hat and gloves.

"I regret," said he, haughtily, "that you should imagine I might know Armour. Armour, you know, is a mere tradesman. Good morning."

And Pollard walked out. Mrs. Campbell told the story years afterward, when she was in New York—and told it without the slightest insular idea that there was a joke attached.

### AN EXPERT'S OPINION OF SKIN DISEASES.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. T. J. Evans will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

The proof of the pudding is in the eating.

### FOR WOMAN'S EYE

Miss Millicent Brennan at Greenville next Monday night. Miss Brennan will sing with a quartet in "The Persian Garden."

Mrs. J. A. Starr delightfully entertained the Thursday afternoon Thimble club on club day at her home in East Church street. The afternoon was busily spent with the needle and at five o'clock all were invited to the dining room where a dainty two course luncheon was served at one large table.

Mrs. Addison Strong entertained in Clover Leaf Embroidery club Thursday afternoon at her home in North street. A dainty luncheon was served and the club adjourned to meet in two weeks with Mrs. Edgar Ryan on East-on avenue and Webb street.

### FRATERNITY-OSBORN.

Zanesville, April 8.—J. W. Frazier, former Muskingum county school teacher, and member of the board of county school examiners, and for several years manager of the Licking laundry at Newark, stole a march upon his friends Wednesday afternoon and married Miss Elizabeth Osborn, daughter of Mr. and Mrs. Lyman Osborn of Wayne township, the marriage being performed by Rev. T. B. White at 3 o'clock Wednesday afternoon at his parsonage on South Sixth street.

Mr. Frazier secured a marriage license in the local probate court March 23, but the matter was kept quiet. They expected to wed a week ago, but a sudden attack of the grip, sustained by Mrs. Frazier, postponed the wedding one week. The relatives of the couple knew of the marriage but it comes as a complete surprise to their many friends. It was the intention to keep the wedding a secret for some time, but the news leaked out.

Mr. and Mrs. Frazier left Wednesday afternoon for a wedding trip, after which they will make their home in Newark. Both are well known and popular, and will be attended heartiest congratulations.

### BEILMAR-STAMNUS.

Frank A. Beilmar and Lucy Stamnus were married Wednesday evening and have gone to housekeeping in Perry street.

Recipes for Saturday, April 9, 1910.

**Cocoanut Soup**—Three ounces of grated cocoanut, three pints of vegetable stock, one cupful of cold stock, two tablespoonsful of cornstarch, one cupful of cream, one blade of mace, salt and pepper to taste. Put cocoanut into a saucepan, add vegetable stock, boil gently for one hour. Mix the cold stock with the cornstarch then add them, season to taste, add cream and simmer for 15 minutes. The mace, if liked, should be put into the pot with the cocoanut.

**Violet Mousse**—Put one teaspoonful of powdered gelatine into a saucepan, add three tablespoonsful of water and two cupfuls of milk; stir over the fire till it has thickened; add two tablespoonsful of sugar and a white of three eggs beaten stiffly; stir until it is thick, allow to cool and then add of whipped cream and one teaspoonful of violet extract. Pour into a mold then pack in ice and salt water, keep until frozen. Serve garnished with plenty of candied violets.

**ODD, BUT PRETTY.**  
A pretty, girlish evening gown of pale pink satin and tucked chiffon. The tunic is cut over a plaited chiffon flounce. The wrist is tucked chiffon, with a band of crystal bead embroidery outlining the round neck.

### THE CURSE OF CALOMEL

Everyone should know that Calomel is a dangerous drug if taken without the advice and direction of the Physician.

**CALOMEL IS A CURSE.**  
Although it is but the mild Chloride of Mercury, when it passes into the Bowels it is often changed into the poisonous Corrosive Sublimite, which rains the teeth and gums and inflames the Bowels, causing Dysentery and Piles. So when you are not feeling "Just Right"—a little blue or dull, with a nervous headache, don't take it. Go to the drug store and get a package of DR. EDWARDS' OLIVE TABLETS, and see what they will do for you. They are the only laxative tablet that are designed to do what Calomel should do for you, without the bad results of Calomel. They are perfectly harmless, do not have to be chewed or dissolved in the mouth, are small, sugar coated and easy to take. They don't leave a bad taste and do their work perfectly. At all Druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

### How To Remove Freckles FREE

**The Only Remedy Ever Discovered That Actually Removes Freckles and Skin Diseases.**

**A Liberal Package FREE To Prove It.**  
All the ordinary "freckle lotions" all the face bleaches, all the face creams of a cold cream nature, all the "freckle rubs" and "massage" preparations ever put on a druggist's shelves have not cured freckles or facial blemishes, and fading complexions.

They couldn't do so by their very nature. These things are made to cover up face blemishes, not cure them. There is only one way to really rid yourself of every sort of skin blemish, including pimples, and that is to use Viola Cream.

Viola Cream is like other creams only in name. It does not cover up blemishes or clog the pores but is gentle, sure and certain medication actually replaces the old sallow, pimply, freckled skin with a new skin as fresh and pretty as a June rose. By the same gentle process it keeps a good complexion good always. It won't make hair grow.

We want you to prove this without your risking one penny. The best way to prove it is to go to the nearest drug store and purchase a 50c jar under our absolute guarantee of satisfaction. But if you do not wish to do this just send your name and address and that of your druggist to the G. C. Bittner Co., Dept. 660, Toledo, Ohio, at once, and treatment of the beauty doctors' great remedy will be sent you free by return mail. You cannot fail to go another day without this treatment which is the only perfect and unerring skin and complexion beautifier.

## AMUSEMENTS

**MANHATTAN STOCK COMPANY.**  
A good sized audience witnessed the presentation of "The Man from Sacramento" at the Auditorium theatre on Thursday evening.

Helen Forest Russell was seen in one of the best characterizations of the week, and the comedy kept the audience in a continuous uproar of laughter.

"The Power of the Cross" is the offering tonight and the bill will be supplemented by an amateur contest that promises all kinds of amusement.

**AMATEURS TONIGHT IN AUDITORIUM THEATRE**

Tonight after the regular performance of the Manhattan Stock company some of the best local talent in the city will be seen. Out of the big list of acts that have asked for a "try out" only a few of the best will be put on. Cash prizes will be given and the audience shall judge as to the placing of same.

The list includes Henry O. Wells, a

magician, Charles Kern, in an excellent musical act, Zalaric Jones, a singer of ability, Joseph Conway, buck and wing dancer and a number of others.

### "THE NEWLYWEES AND THEIR BABY"

The big music show, "The Newlywees and Their Baby," has struck popular fancy. This big musical review is assured of good business at the Auditorium theatre, April 11, as the advance sale so indicates. The play is replete with beautiful pictures, snappy comedy, tuneful numbers and lavish in wardrobe. It is presented by a well balanced company, headed by such names as Countess Olga von Hatzfeldt, Dorothy Rogers, Leona Stephens, James E. Rosen, George P. Murphy, Leo Hayes and Irving Brooks. The dancing dolls, termed the "Eight Porter Pigeons," are a distinct big hit. Some of the songs are of the kind designated as haunting, especially "Love Time" and "Boogie Woogie." All of the melodies are of the remembering kind. Sixty and one-half people compose the cast.

### "THE CHORUS LADY"

Patricia O'Brien, the heroine of James Forbes' comedy, "The Chorus Lady," in which Rose Stahl will appear at Auditorium theatre for one

performance, Tuesday, April 12, owes her existence on the stage to a peculiar combination of circumstances. A train newsboy is in a large measure responsible for her appearance before the footlights. It came about in this way. About four years ago Miss Stahl was riding on a railway train and purchased a magazine in which she discovered a short story entitled "The Extra Girl," written by James Forbes. She read the story and immediately became imbued with the idea that a dramatization of it into one act form would make an ideal vaudeville sketch. She communicated with Mr. Forbes, with the result that "The Chorus Lady" was brought out as a sketch which served as a headliner for a season or so. It then occurred to Mr. Forbes to further amplify the piece and make it a four act play. This was done, and the rest of the story is simply a matter of theatrical history. Miss Stahl scored one of the biggest hits in New York three seasons ago and her wonderful success in London where she was hailed as the American Bernhardt, and played to packed houses for sixteen weeks at the Vaudeville theatre so recent that the retelling is superfluous.

**THE ORPHEUM.**  
Another excellent bill opened the latter half of the week's offering at the Orpheum Thursday and in the evening it was greeted with two crowded houses.

The audience last evening again demonstrated that the amusement loving public of the city will always patronize a good attraction, such as is now offered by the Sun & Murray management. Manager Fenberg will always endeavor to serve his patrons with the best but occasionally an act sets on the bill that is a little off colored and which is regretted as much by the house management as by the public itself.

The new bill opened by the Demay Sisters, singers and dancers, at least that is the way their act is billed on the program. Dainty and charming they dress their act in a becoming manner, their gowns being handsome creations, which materially assist in forming a pretty picture under the spot lights. The young ladies in addition to their vocal duets rendered several excellent instrumental selections, the coronet solo of Miss Lottie Demay being especially pleasing.

Whitely & Kutz do a musical turn that is breezy and catchy and the playing and singing specialties of the last member of the team is the best that has been heard here this season. Pollard, the comedy juggler, is a whole show in himself and he gets the laughs from start to finish. His work with the billiard cues is along a new line and is very interesting.

The big act of the show, William Echols & Company, in a comedy sketch, is a scream from the start and the drunken scene between the doctor and his partner's wife during carnival time, is certainly very realistic. The Orpheum pictures are up to the standard and the show taken as a whole is away above the average. Tonight, for the second performance the amateur contest will be

Drop in and see the fun.

**CANDY TO ALL.**  
The patrons of the Orpheum are all looking forward to the Candy Matinee that is to be given at the Orpheum tomorrow and no doubt another record house will be in attendance.

**RECITAL AT GRANVILLE.**  
Miss Millicent Brennan of Columbus, will sing Monday evening, April 11, in Granville.

Miss Brennan, with Mrs. Elizabeth T. Wilson of Granville, Mr. Arthur L. Roy Tobols of Columbus and Mr. James

MISS BRENNAN.

Pocock of Dayton, will give a very beautiful song recital in Recital Hall, Granville, next Monday, April 11, at 8:15 p. m. The concert will render "The Persian Garden," and each will do some solo work.

The many friends of Miss Brennan here in Newark will be glad of the opportunity to hear her sing again. The program is splendid and is well worth going to Granville to see. Admission is 25 cents and tickets may be reserved by phoning to Ullman's drug store, Granville.

**GREAT SOUTHERN THEATRE.**  
Miss Lillian Russell will begin an engagement of two nights at the Southern Theatre, Columbus, Monday, April 11, in her new comedy, "The First Night," by George V. Hobart and in which Miss Russell has been extremely successful. The story tells of the adventures of a wife in her efforts to have a musical comedy, which she composed, given a public trial.

The visits of John Dew always attract audiences of exceptional brilliancy, and his forthcoming appearance at the Southern Theatre on Thursday, April 14, should be an occasion of particular note because of the sentimental interest attached in view of his recent successful recovery from a distressing accident. Mr. Dew's vehicle this season is an uncommonly clever imitation of a French comedy of manners entitled "Inconstant George."

A unique feature in the appearance of Miss Rose Stahl in the Southern Theatre, Friday and Saturday, April 15 and 16, is that although this comedy by James Forbes has been run for two seasons and has starred on the original production, when Miss Stahl appears she will have the benefit of the original "Chorus Lady" company. Miss Stahl as "The Chorus Lady" is one of the greatest American stage comedies.

Instead, a finely knit drama possesses the qualities of finely ported and good wholesome food.

Truth crushed to earth will rise again, but the meekness is that the lie will be there.

### Corn Meal for the Hair

A young lady dropped into the parlors of a Fifth avenue hair specialist the other day, says The Beauty Magazine. The Frenchwoman in charge condescended to tell some of the secrets of the profession. "My pompadour treatment is the most successful thing in vogue," she said. "The hair is taken down, shaken out and wet with gasoline. It dries quickly, and when put up is found free from grease and dust. The gasoline should be used with the greatest care of a lighted night or in the presence of a lighted gas jet or lamp. It takes a very few drops, the quantity depending on the color and the texture of the hair. With blond hair I follow this up with the cornmeal-brushing, a very coarse grade of yellow cornmeal being shaken on the hair and then carefully brushed out. It is astonishing to see how fluffy the hair appears after this treatment, and for days it remains in position, requiring no pins, puffs or braids." Asked what was the safest and best home preparation for keeping the hair healthy and restoring prematurely gray hair to its natural color, "Madame" smiled very highly of the liquid tonic and hair food known as "MENZ'S HAIR HEALTH." This preparation has been on the market over twenty years and can be found at all good drug stores in 50-cent and dollar bottles. Its great success comes from the fact that it reaches the roots of the hair.

## Free Sample Digests What Stomach Couldn't

When a person finds himself suffering from chronic indigestion, there is just one of two things to do: Discontinue the use of food almost entirely or obtain something that will digest the food for you until your stomach muscles are in working order again.

It is possible to obtain a remedy that will digest food even when the stomach can't, and we can obtain the word of many reputable people to prove it. Since indigestion is usually complicated with constipation and liver trouble it is necessary to get a remedy that has laxative as well as digestive properties, and which at the same time contains ingredients that will tone and strengthen the stomach and bowel muscles. Such a remedy, according to the testimony of people for a quarter of a century, is Dr. Caldwell's Syrup Pepsin, which can be obtained of any druggist at fifty cents or one dollar a bottle, as it comes in both sizes. But if you are one who has never used this grand remedy, and you would like to make a test of it before buying of your druggist, then send your name and address to Dr. Caldwell and he will gladly send you a free sample bottle for trial. In this

way thousands of people have been brought to use it.

You cannot obtain a better or more reliable remedy for general family use as it is very curative in constipation of the most stubborn kind, in indigestion, liver trouble, sour stomach, back headache and other troubles caused by disorders of the stomach, liver or bowels. Thousands of families like that of Mr. Frank Connor of 128 State street, Madison, Wis., and Mrs. Virginia Cunningham of Weir, Miss., no longer use any ordinary "dyspepsia cures" for indigestion, nor cathartics, pills or salts for constipation, but they get Dr. Caldwell's Syrup Pepsin, which is truer, more genuine, milder and more pleasant, and yet thoroughly effective. Try it and see the good results you will obtain.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. E. Caldwell, 1630 Caldwell building, Monticello, Ill.

# A MONSTER TEN-DAY STOCK REDUCTION SALE

## An Event of Importance to Every Housekeeper of Newark or Vicinity

**O**WING to the advanced Spring Weather and the numerous calls for PORCH AND LAWN FURNITURE, we were compelled to order these goods shipped in about 30 days earlier than usual, or before our regular stocks were cut down. The result is that THEY ARE ARRIVING DAILY AND OTHER BIG SHIPMENTS ARE NOW EN ROUTE, and we find our store too badly crowded to properly handle the incoming stock. WE MUST HAVE ROOM, AND IN ORDER TO GET IT, AND GET IT QUICK, we have decided that rather than rent additional warehouse space and thus incur big additional expenses, to

**Cut the Price on Our Entire Stock, Move It Quickly, and Give Our Customers the Benefit in Enormous Price Reductions, and Thereby Further Popularize This "Newark's Largest and Most Complete Home Outfitting Store"**

In other words, OUR LOSS OR OUR PRESENT CROWDED CONDITION IS YOUR GAIN, AND THINK OF IT, RIGHT AT THE HEART OF THE HOUSE-CLEANING SEASON. This sale could not have occurred at a more opportune time for the housekeeper.

## This Sale Will Be Positively and Exactly What the Name Implies A Monster Stock Reduction Sale

Not a money-raising sale, nor a hypocritically-devised means of rejuvenating a stagnant business, BUT A GENUINE BARGAIN OFFERING OF EVERY ARTICLE OF FURNITURE, CARPETS, RUGS, CURTAINS AND STOVES in this vast and varied assortment of Housefurnishing Goods right in the heart of the Spring Season, and while the quality and magnitude of the stocks are at their best. We must have room. We've cut the prices to get it quick, so don't delay. Come in early and get first pick and save money, and remember, we offer you all the credit you want.

**ARBOR DAY IN NEWARK SCHOOLS**

Arbor Day was celebrated Friday April 8 by appropriate exercises in the public schools of Newark. In the High School Auditorium a splendid program was presented by representatives from the various session rooms, ably assisted by the High School orchestra under the direction of Prof. T. R. Nelson. The recitations, dialogues and music were all selected with reference to the proper observance of the day and was enjoyable and beneficial not only to the scholars, but to the many patrons who were in attendance at the exercises. The day around which more and more importance is being centered with each succeeding year, was most fittingly observed in Newark.

**THE MAN WHO DRIVES THE PLOW**

Is the most independent of all workers. He is his own manager. His acres are his kingdom. But to be independent means that he must take care of himself. It is his duty to himself and those depending on him to make his welfare secure. There is only one sure way of doing this, and that is by keeping a bank account. Whenever you make a sale from the products of your farm, come around and deposit the proceeds with us.

Not only is the money safe with us, but by keeping an account you get acquainted with business principles and business men. Try it and see. We are always glad to see you at this bank.

**MEETING Among Foreigners Who Were Rescued From Burning Ship When Refused Permission to Land.**

Dover, England, April 8.—Five hundred Russian, Jews, Montenegrans, Armenians and Swedes who were rescued today from the burning steamer Kankana, mutinied aboard the latter vessel today when they were refused permission to land.

A detachment of Royal Marines was called to the aid of the ship's officers and succeeded in quelling the mutiny but not before a number of the foreigners had been roughly handled.

**COUPLE IN TEN ELOPE.**

Franklin, N. J., April 8.—George W. Penn, aged 35, and Mary E. Harriet McQuinn, of Van Buren county, eloped to Morristown, N. J., today, where they were married. The happy couple remain in town.

**FOR THE WOMAN THAT'S FAT.**

A Detroit physician says that the cheapest and safest mixture for a woman who wants to get thin can be made from a bottle of V. M. (get it in the original package), 12 ounces. Put in 1/2 ounce of Cascara Sagrada and 1/2 ounce of Senna. The mixture should be taken as a tea-spoonful after meals and at bedtime.

These ingredients may be obtained from any druggist at small cost and make a combination that is not only effective as a fat reducer, being able to take off a pound a day without causing wrinkles, but also a splendid help to the system as a whole, regulating the stomach and bowels, taking the fat from the troubles, beginning and clearing the skin of pimples and blotches. No exercise is required to help the remedy in its work and, best of all, no dieting is necessary while taking it—you can eat what you like.

**STORMY OUTLOOK FOR YOUNG RULER**

Prince Vassil Hing, Prince of the Kingdom of Abyssinia, because of the death of his grandfather, Metchik. The rule of the young king will, it is expected, prove extremely onerous because of efforts of the supporters of the followers of Emperor Taitou to dethrone him.
